## HAMCON

ENCLOSURE FOR BOX CAMERA IP66 WITH HEATER,  
BLOWER AND CABLE PASS THROUGH BRACKET

### KEY FEATURES

- Low cost
- Accommodates most box camera/lens combinations
- IP66 rated dust and water protection
- All-metal enclosure with integrated sun shroud
- The bracket arm allows for wires to run through its interior
- Two cable protection glands and mounting holes
- Flexible bracket mounts for easy positioning
- Integrated heater and blower

The HAMCON housing offers security and environmental protection against the elements in an easy-to-install, all-metal enclosure. This housing provides ample space and easily accommodates standard camera/lens combinations as well as cabling and connectors. The HAMCON's bracket arm allows for wires to run through its interior, avoiding the elements outside. Suitable for indoor and outdoor installations, the HAMCON housing includes a built-in heater and blower for greater versatility
